Purpose of Collection Development Policy

The Collection Development Policy is designed to support the Library's Mission statement and serves as a guide for the selection, acquisition, maintenance, and retention of materials by establishing roles, responsibilities, and a process for addressing Library user concerns.

As our student population changes, the Media Center at W.T. Dwyer reassesses and adapts its collection to reflect new and differing areas of interest and concern. The collection development policy is annually evaluated and revised as necessary to provide guidance for implementing changes in the collection. It is understood that this document will adapt and change to meet the needs of the curriculum, demographics, information needs, and programs at William T. Dwyer High School.

The library is expected to be open every day that students and/or faculty are in attendance, to the extent the librarian can control such matters. In regards to testing, the library will be allowed to continue access for students and staff at the discretion of school administration. When the facility cannot meet Information needs, research and reference materials will still be available at all times, in all locations, through the district-wide electronic subscription databases as well as databases purchased by the Library Media Center. Additional information is available through the Panther's Den Virtual Library.

The Panther's Den mission is to provide a safe environment which stimulates intellectual curiosity, promotes inquiry, encourages pleasure reading, produces life-long users of information resources and prepares students for success beyond high school.

Responsibility for Collection Management & Development

The acquisition and maintenance of materials collection is a primary function of the Library Media Specialist. Collection development and management refers to the process of building and maintaining the library's entire materials collection, in print and electronic formats so that they are available to every student at the time of need in order to support and enrich the student's educational experience. Suggestions for new purchases are always welcome and encouraged from the school community, however the final decision about the acquisition of new materials is made by the Library Media Specialist.

Library Program

W.T. Dwyer's Library Media Center is open for all students before school at 7:15 and during both lunch periods. Currently, there are no after school hours. Students are always welcome to enter the library during these hours, unless the library is being used for another school event per administration. The Media Center operates on a flexible schedule and accommodates teacher and staff usage requests. It is used to accommodate large group testing for up to 265 students, as well as hosting multiple school wide events. The Library Media Center sponsors Dwyer Book Club which meets monthly to choose books to read, discuss the book and talk about different types of literature.

Research and reference presentations are given to all Internal Baccalaureate classes to support their research process for the Extended Essay and Internal Assessments. Information is shared, both in person and digitally, about state, district and school purchased databases. In addition, students

are given the opportunity to request a SEFLIN (Southeast Florida Library Information Network) One Card which gives them access to local college libraries including their databases and books. These research presentations are available to all English teachers for their classes and are scheduled by the Media Specialist.

Dwyer's Media Center is to be remodeled starting in June of 2023 which required all library materials to be put in boxes at the end of this school year. These goals are dependent on the state of the library media center and the availability of materials during the school year 2023- 2024.

Budget and Funding

Dwyer High School Media Center is allocated a school-based operating budget as well as state allocated funds at the beginning of every school year. This funding includes money to purchase supplies, periodicals, books, and databases. There is also an internal account which is used only if needed for any additional supplies. This year the money designated for periodicals was combined with the supply money, so that the necessary materials to operate the Media Center could be purchased. The funding amounts are expected to be the same for next school year 2023- 2024.

Scope of Collection

Collection development is determined by the curriculum at W.T. Dwyer High School, which follows the guidelines of the School District of Palm Beach County, which in turn is governed by the Department of Education of the State of Florida. According to best practices for school libraries in the United States, the print and non-print collection is managed by the Dewey Decimal Classification System, per section 5 of Management of Library Media Instructional Materials. School Board Policy 8.12, section 2.d. states the importance of having a collection that represents various religious, racial, ethnic, linguistic and cultural groups and their contributions as well as respect for the diverse roles of men and women in today's society.

Following these guidelines, the library media collection at W.T. Dwyer strives to reflect our diverse student body with materials that are relatable to all students. It is our belief that students should be able to see them themselves in print and nonprint materials. To support our International Baccalaureate curriculum, English language learners and the foreign language program, the library media center has a MultiCultural section with books written in Spanish, French and Italian, as well as English/Language dictionaries available for check out.

Graphic Novels as well as Fiction books are popular among our student population and are added to the collection every school year. In addition to the Palm Beach County School District provided databases, the Library Media Program at W.T. Dwyer purchases two databases for all students with 24/7 access; JSTOR, for research and reference materials and Gale Peterson's Test Prep, for high school/college test prep. and college/career information. This year, additional titles from Gale's Cameron's Collection were purchased to support Mental Health awareness and make electronic books available for students who might need help and information after school library hours.

Collection Development

Collection Development is the process of planning and acquiring quality materials and equipment for the library media center. The Panther's Den is committed to providing a wide range of materials, both print and electronic to support the needs of our diverse student population and school community, taking into consideration their interests and their academic pursuits. The goal of collection development is to continually examine the needs of all students and purchase materials that meet their

academic needs. In order to do this, the Media Specialist actively consults the school community and students for their suggestions for new materials.

Selection and Evaluation Criteria

According to School Board Selection Policy 8.12, W.T. Dwyer's Media Center materials are selected thoughtfully and systematically. The materials are evaluated according to their aesthetic, literary and social value, appropriateness to student age and emotional maturity and relevance to the curriculum. Other factors that are considered in the final decision to purchase new materials include their educational significance; need and value to the collection as a whole; and their relationship to the interests of students and curriculum course of study.

Dictionaries and other learning materials are purchased by the Media Center to help English to Speakers of Other Languages students practice and learn the English language. Electronic database subscriptions and online resources that are purchased with Media Center funds are available to all students to help them with research, testing, and college and career planning. Information for all these resources can be found on W.T. Dwyer's virtual library at <https://sites.google.com/palmbeachschools.org/wtdhsmediacenter/home>.

Before a library book is purchased, it must have three positive reviews and be age appropriate. Reputable, unbiased, professional reviewing sources used for selection may include but are not limited to: Kirkus Reviews, School Library Journal, Horn Book Guide, and Booklist. W.T. Dwyer Media Center does not believe in assigning fines for overdue or lost materials. It is our belief that students should be encouraged to enjoy reading without reluctance to check out library materials.

District-Wide Procedures for Selecting and Developing Library Collections

Appendix C School Board Policy 8.12

Who Makes the Selection

1. Each book made available to students through this School District's library media centers must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students.
2. In HereFurther, employees holding a valid educational media specialist certificate must

also have completed the required Florida Department of Education training once it is available and by law must be developed by January 1, 2023.

3. In addition, the person selecting the books is employed at that school location or if a qualified person is not employed at the school, by another District employee with these qualifications.

4. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSO 2671 to solicit additional input.

Collection Maintenance

Per Florida Statute governing instructional materials, instructional material stored in the Library Media Center must be inventoried annually. The collection is inventoried on a three year rotation per Board Policy 8.12 (5).

This school year (2022-2023) inventory was completed in the Graphic Novel and Biography sections. Last year (2021-2022) Nonfiction (000-500 and 900) were inventoried. The previous year (2020-2021) Fiction and Nonfiction were inventoried. Next school year (2023-2024) Fiction and easy will be inventoried. The gaps in inventory were due to testing with no access to those sections of books.

Going forward, the rotation will be: 2023-2024 - Fiction and Easy section, 2024-2025 Nonfiction, 2025-2026- Multicultural, Graphic Novels, and Biography

Weeding of materials and resources is essential for the maintenance of a healthy reading, research and reference library media collection. Weeding is a form of quality control of the collection in which outdated, inaccurate and worn-out materials and equipment are discarded from the electronic catalog and physically removed from the collection.

The Library Media Specialist is responsible for the on-going maintenance of a quality collection which includes procurement of new materials and discarding of ineffective items. Teachers and administration assist in the evaluation and systematic deleting of materials and equipment to ensure that the collection remains responsive to user needs, changing curriculum and advancing technology.

In coordinating this process, the library media specialist will follow objective criteria for removing materials and equipment from the media center, which include obsolescence, physical age and condition, and general inapplicability for continued inclusion in the existing collection.

LIBRARY BILL OF RIGHTS

The American Library Association affirms that all libraries are forums for information and ideas and that the following basic policies should guide their services.

- I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.
- II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.
- III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.
- IV. Libraries should cooperate with all persons and groups concerned with resisting the abridgment of free expression and free access to ideas.
- V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.
- VI. Libraries that make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

INTELLECTUAL FREEDOM

AMERICAN LIBRARY ASSOCIATION THE FREEDOM TO READ STATEMENT

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. *It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority.*
2. *Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.*
3. *It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.*
4. *There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.*
5. *It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.*
6. *It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.*
7. *It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.*

This statement was originally issued in May of 1953 by the Westchester Conference of the American Library Association and the American Book Publishers Council, which in 1970 consolidated with the American Educational Publishers Institute to become the Association of American Publishers.

Adopted June 25, 1953; revised January 28, 1972, January 16, 1991, July 12, 2000, June 30, 2004, by the ALA Council and the AAP Freedom to Read Committee.

First Amendment of the Bill of Rights to the United States Constitution CONGRESS SHALL MAKE NO LAW RESPECTING AN ESTABLISHMENT OF RELIGION, OR PROHIBITING THE FREE EXERCISE THEREOF; OR ABRIDGING THE FREEDOM OF SPEECH, OR OF THE PRESS; OR THE RIGHT OF THE PEOPLE PEACEABLY TO ASSEMBLE, AND TO PETITION THE GOVERNMENT FOR A REDRESS OF GRIEVANCES.

The Bill of Rights to the U.S. Constitution was ratified on December 15, 1791

Policy 8.12 - Selection of Library Media Center Materials and Reading List Materials

1. **Adequate Library Media Materials.**-- Library media materials for the school's Library Media Center, including print, non-print, serials [periodicals], electronic resources, computer software, video images, films, and instructional television programs, represent fundamental resources selected for schools to support instruction, promote reading, further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. It is the shared responsibility of the State, District, and school, within budgetary constraints, to provide an adequate number and range of library media materials and resources in a variety of formats that are appropriate, timely, and essential to the attainment of specified educational objectives subject to District policy. It is also the responsibility of the State and District and school to provide library media materials that represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.
2. **Reading List Materials.**-- Reading list materials are recommended or assigned materials school- wide or grade level.
3. **Purpose.**-- The Board believes that the selection of library media materials and reading list materials is within its jurisdiction pursuant to relevant statutory and constitutional laws. The library media center, within budgetary constraints, shall contain a comprehensive collection of materials and equipment, in a variety of media formats that are accessible to students during the school day, to:
 - a. Promote the development of lifelong reading habits and information literacy skills in students;
 - b. Provide a broad background of information resources in areas of knowledge;
 - c. Support the general educational goals of the District and the objectives of specific courses, including materials that represent diverse points of view in order that young citizens may develop, under guidance, the practice of critical analysis of media and intellectual integrity in forming judgments;
 - d. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/ viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.

e. Support the professional needs of teachers and administrators; and

f. Introduce new instructional technologies into the learning environment.

4. **Choice.**-- Library media materials are available to students and staff as optional resources and are usually not mandatory reading as is the case with textbook instructional materials.

Library media that is sensitive or mature may not be appropriate for all readers in a school but remains a part of the collection to address the needs of some of the reading community if it meets the selection criteria of the school. Educators and library media specialists should be sensitive to the reading level, belief system, interest level and maturity level of students when helping make selections for individuals, reading aloud to groups, or when having whole class participation in a reading project. If a parent or adult student states a reasonable objection to library reading material assigned to a class, comparable instruction will be made available for the student through an alternate reading assignment without penalty.

5. **Use of Library Media Materials Allocation.**-- School principals are responsible for ensuring that operating budget and state categorical funds are used to purchase library media materials that reinforce instruction and stimulate leisure reading for the students enrolled at the grade level(s) for which the materials are designed and to effectively communicate to parents the manner in which materials are used to implement the curriculum of the school under Fla. Stat. § 1006.40.

6. **Management of Library Media Materials.**-- Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System. Library media materials acquired with funds from the General Appropriation Act of the State of Florida are to be cataloged and inventoried as part of the library media collection. Library media materials may be inventoried in one to three year cycles.

7. **Selection.**-- HB 1467 (2022), amending Fla. Stat. § 1006.28 provides selection requirements.

a. Initial Review Process

i. "Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students."

ii. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671, attached hereto and incorporated as part of this policy, to solicit additional input.

b. The School Board is herein adopting "procedures for developing library media center collections" and shall "post the procedures" on each school's website within the District.

c. Each elementary school ^[1] must "publish on its website, in a searchable format prescribed by the [Florida Department of Education], a list of all materials maintained in the school library media center (as defined by SBER 6A-7.0713, including classroom libraries) or required as part of a school or grade-level reading list."

d. Per HB 1467 (2022), § 1006.28 (2) (d), these procedures for developing library media center collections must:

i. "Require that **book selections** meet the criteria in s. 1006.40(3) (d)." ^[2] ___

ii. Require consultation of reputable, professionally recognized reviewing periodicals ^[3] ___, if available after a documented diligent search, and school community stakeholders. ^[4] ___

iii. "Provide for library media center collections based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty."

iv. "Provide for the regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevancy to curriculum, out-of-date content, and required removal pursuant to subparagraph (a) 2." ^[5] ___

In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to

remove library media materials or materials on reading lists based on statutory considerations. The basis for the removal shall be documented. Removal procedures regarding an Objection are based on Statute and/or School Board Policy 8.1205 Objection Procedures for Instructional Materials.

District Library Media Services will offer annual training on this process.

- d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.
- e. In conjunction with the selection criteria above, employees holding a valid educational media specialist certificate (with the required training once it is available as stated in Paragraph 10 below) at each school location or if a qualified person is not employed at the school, by another District employee with these qualifications, shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. **Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.**

Policy 8.1205 - Objection Procedures for Instructional Materials, Library Media Materials, and Supplemental Classroom Materials, including Reading Lists

This Policy does not apply to the 30-day post-adoption challenges to specific instructional materials by parents or County residents in compliance with Fla. Stat. § 1006.28(1) (a) (3). The procedures to follow for those challenges are outlined in School Board Policy 8.122, subparagraph (3)(g).

In addition, the Superintendent or designee, even without an objection or challenge, has the authority to remove instructional materials, library media materials, supplemental classroom materials on reading list based on statutory considerations. The basis for the removal shall be documented.

This Policy implements Fla. Stat. § 1006.28 (2)(a)2 relating to: objections by parents or this County's residents to: a) instructional materials more than 30 days after adoption of instructional materials and b): library media materials, including reading lists, and non-adopted classroom materials. The procedures to follow for those challenges are outlined below; however, a parent or a resident of this County has the option to speak and proffer evidence at the Board hearing on adopting instructional materials and the Board adoption meeting without having followed the procedures below.

1. Grievance Procedures Concerning Core Instructional Materials, Library Media Materials, Reading Lists, and Supplemental Classroom Instructional Materials

- a. The Superintendent or his/her designee is authorized to administer the following procedures in accordance with federal and state law.
- b. Any resident of Palm Beach County, or emancipated student or parent of a child attending public school in Palm Beach County may file an objection with a school or the Board Clerk concerning the use of or content in instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- c. The parent or resident will be provided the opportunity to proffer evidence on the grounds stated within Fla. Stat. § 1006.28(2)(a)(2), relating to instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- d. Challenged materials may be removed from use in the school where the objection was initiated after the procedures of this Policy have been completed or if it is agreed by the District at any of these stages. Per Fla. Stat. § 1006.28(2)(a)(2), if the School Board "finds that an instructional material does not meet the criteria under sub-subparagraph a. or that any other material contains prohibited content under sub- subparagraph b., the school district shall discontinue use of the material for any grade level or age group for which such

use is inappropriate or unsuitable.”

- e. Objections filed by a parent or emancipated student shall be heard in the school in which that student is registered. If the parent has children at different schools in Palm Beach County, then the objection must specify which school(s) the objection pertains to and it will be heard in that/those school(s). If the objecting party is not the parent of a child in the School District, the objection will be assigned to the appropriate school within the boundary corresponding to the residence of the objecting party for review if the material is located at that school or to the school in close proximity where the material is located.

2. School Level: Informal Complaint

- a. Any complaint arising out of the use of a material in a school shall be registered in writing with the principal of the school. Within five school days of the receipt of the complaint, the principal and/or his/her designee and the appropriate staff member(s) shall meet with the complainant to explain:
 - i. the school's selection procedures for these materials;
 - ii. the criteria used for the selection of these materials;
 - iii. the role that the material in question has in the school's curriculum or library media center or classroom collection; and

- a. As stated in Policy 8.122, objections to instructional materials and Supplemental Classroom Materials, including Reading Lists, shall be filed on form PBSB 2569 (Petition to Object/Objection to Instructional Materials), which is part of this policy and incorporated herein as part of this Policy. The form can be found on the District's forms website at: <https://www2.palmbeachschools.org/formssearch/pdf/2569.pdf> .

The complainant shall sign and sufficiently complete the applicable form in its entirety for each material to be considered, including stating the basis of the objection, retain one copy, and send one copy of the completed form to the principal of the school. *Failure to sufficiently fill out the form along with complainant's signature will result in the rejection of the form and no formal review process under this subsection will be initiated.*
- d. A challenge to the same material(s) by multiple challengers within one school can be consolidated into one challenge for consideration by the School Materials Review Committee, Principal, Superintendent, District Material Review Committee, and School Board (the reviewing persons and entities) as set forth in the below proceedings.
- e. A challenge to multiple materials will require additional preparation time for the reviewing persons and entities set forth below. A challenge of more than five materials will add an additional two (2) days per item to the time deadlines for the school or District actions that are specified within this Policy.
- f. For materials used *in that school*, the form and the material in question shall be studied by a School Materials Review Committee appointed on an ad hoc basis by the school Principal.
